Aquifer Exemption Monterey Bognuda revised.pdf

George,

WE are forwarding to you for your heads-up another minor AE application in Casmalia Oil Field in our D3 - Orcutt area. The zone being applied for is the Monterey. Please note that the well where injection is being planned is within the latest Casmalia oil field map (1991) shaded area defining the productive limits of the field.

Appreciate your initial review and comments so that we can make this application more responsive to your requirements.

Thanks and regards,

Jerry

Subject: Amrich Aquifer Exemption

Hey Jerry:

Attached is a copy of the revise Amrich Aquifer Exemption for Casmalia Oil Field. I'd say it's ready to send to the EPA to get the ball rolling.
